

# GLASGOW CLYDE COLLEGE

Langside Campus, Prospecthill Road, Glasgow

## PROJECT DETAIL:

Design and construction of a 585sq.m Horticultural Teaching Block with associated teaching spaces, staff offices, reception area, changing and toilets facilities. Two parking areas were reconfigured to accommodate additional parking bays. The erection of commercial greenhouse to form 3 new horticultural teaching spaces. External works around each of the buildings and new pathways around car parking bays.

Works were completed in a live environment, whilst remaining non-intrusive.

Project was secured under competitive design and build submission and utilised the NEC3 form of contract.
