

HEALTHCARE ENVIRONMENTAL GROUP

CLINICAL WASTE TREATMENT FACILITY, SHOTTS

PROJECT DETAIL:

Design and construction of a steel framed clinical waste treatment facility totalling 4,728 sq.m. The custom built facility will provide 2 storey office accommodations, a reception area, Vehicle Maintenance Unit and transport office on the ground floor.

The site required extensive ground stabilisation, grouting and remedial works prior to formation of foundations.

VALUE: £3M

PROGRAMME: 40 Weeks
